SURETY OF QUALITY

Introduction

Building Better Solar Plants Together.

At Khusarex World, we are committed to improving the performance and reliability of solar power plants through innovative drainage solutions.

Our SS304 Water Drain Clamp and UV-Stabilized Plastic Drain Clip are designed to prevent water accumulation between solar panels, helping improve drainage, reduce maintenance requirements, and support long-term plant performance.

Beyond supplying products, we believe in building long-term partnerships with Solar EPC companies, O&M service providers, distributors, and project developers. With quality products, technical support, on-site business development assistance, and reliable PAN India supply, we help our partners create greater value for every solar project.

Khusarex World™

Trusted Partner for Solar Water Drainage Solutions

20%+

Efficiency is achieved by some modern solar systems.

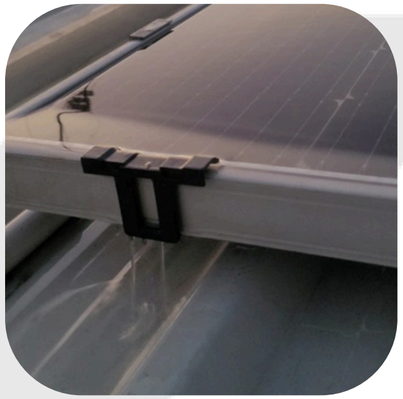

Smart Solutions. Strong Partnerships. Sustainable Growth.

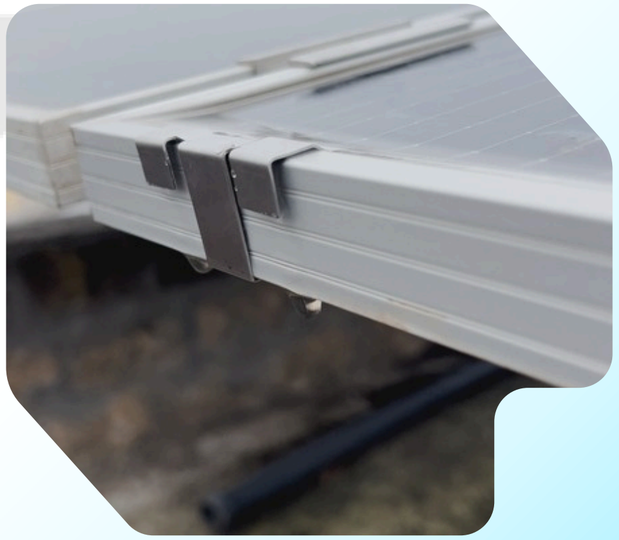

PROBLEMS ⚠️

- Water accumulation
- Dirt deposition
- Higher cleaning frequency
- Increased maintenance
- Long drying time

Without Drain Clip

With Khusarex Drain Clip

Why Every Solar Plant Needs Proper Water Drainage

importance Of Drain clip

BENEFITS

- Fast water drainage
- Cleaner panels
- Better water flow
- Reduced maintenance
- Professional installation

Small Drain clip, Big impact

SURETY OF QUALITY

khusarex
SURETY OF QUALITY

Heavy-duty, industrial-grade
Corrosion-resistant polished surface

Built with 100% pure SS304 stainless steel, this clamp ensures long-lasting durability, superior performance, and enhanced solar panel efficiency.

5–20%

Performance improvement can be achieved through smart Maintenance

SMART FEATURES

- SS304 Stainless Steel
- Rust Free
- Heavy Duty
- UV Resistant
- Long Life
- Easy Installation
- Reusable

Self Life: 30+ Years

SS 304 Water Drain Clip

Ideal for projects where long service life, superior strength, and premium quality are essential.

SURETY OF QUALITY

khusarex
SURETY OF QUALITY

Engineered for Performance. Designed for Value.

UV + ABS Water Drain Clip

An economical and reliable solution for projects that require efficient drainage with optimized project costs.

Self Life: 15+ Years

Sizes: 30, 33, 35 & 40mm

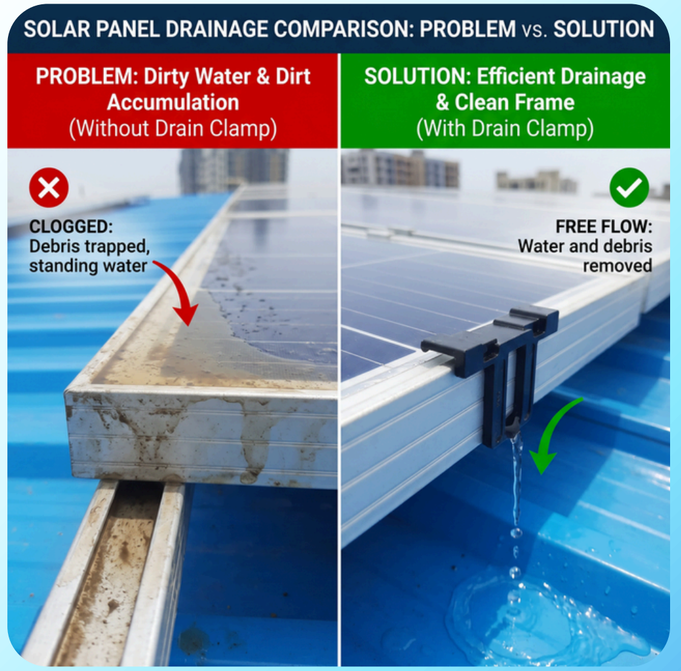

Designed with practicality and performance in mind, our plastic drain clip offers an economical drainage solution without compromising on installation convenience or durability. It is an excellent choice for projects where cost efficiency, ease of installation, and dependable performance are key priorities.

IDEAL FOR

- Commercial Plants
- Industrial Plants
- Residential Plants

Main Benefits

- UV Stabilized
- Engineering Plastic
- Cost Effective
- Lightweight
- Easy Installation

Product Comparison

Which Product is Right for Your Project?

Feature	SS304	UV+ABS Plastic
Material	✓	✓
Rust Free	★★★★★	★★★★★
Life	Lifetime	Long Life
UV Resistance	Excellent	Excellent
Strength	Heavy Duty	Medium Duty
Reusable	Yes	Yes
Cost	Premium	Economical
Best For	Large Plants	Standard Projects

SS304 WATER DRAIN CLAMP
BUILT FOR MAXIMUM DURABILITY

- Utility-Scale Solar Plants
- Government Projects
- Industrial & Commercial Installations
- High-Wind or Harsh Environments
- Long-Term Asset Performance

UV-STABILIZED PLASTIC WATER DRAIN CLIP
ENGINEERED FOR PRACTICAL PERFORMANCE

- Residential Rooftop Systems
- Commercial Rooftop Projects
- Educational Institutions
- Agricultural Solar Installations
- Budget-Focused Projects

Every Solar Plant Deserves Better Drainage. Choose the Solution That Fits Your Project.

Why Choose Khusarex World

Your Trusted Solar Drainage Partner

Khusarex World is committed to delivering premium solar water drainage solutions designed for modern solar power plants. We combine innovative products, dependable supply, and dedicated business support to help EPC companies, O&M providers, and distributors deliver greater value to every project.

PREMIUM QUALITY PRODUCTS

Manufactured using high-quality SS304 Stainless Steel and UV-Stabilized Engineering Plastic for reliable outdoor performance, long service life, and consistent quality.

BUSINESS PARTNERSHIP SUPPORT

We don't just supply products—we help our partners grow through technical guidance, on-ground business development support, and long-term collaboration.

Building Better Solar Plants Together

50+ Solar Plants Served.....

Business Partnership Program

Grow Together. Succeed Together.

INTRODUCTION

At Khusarex World, we believe every successful business is built on strong partnerships. Our Business Partnership Program is designed specifically for Solar EPC Companies, O&M Service Providers, Project Developers, and Distributors who want to provide additional value to their customers while creating new business opportunities.

✓ Zero Marketing Investment

OPTION 01

ON-GROUND BUSINESS DEVELOPMENT SUPPORT

- INSTEAD OF SIMPLY SUPPLYING PRODUCTS, WE ACTIVELY HELP YOU GENERATE BUSINESS.

OUR DEDICATED BUSINESS DEVELOPMENT EXECUTIVE WILL:

- Visit your existing solar plant customers
- Conduct live product demonstrations
- Explain technical benefits to plant owners
- Generate new business opportunities
- Support your sales team

🤝 📈 🚚 👷

OPTION 02

REFERRAL PARTNERSHIP PROGRAM

ALREADY HAVE A STRONG CUSTOMER NETWORK? SIMPLY INTRODUCE YOUR CUSTOMER TO US.

WE WILL MANAGE

- Product Presentation
- Quotation
- Order Processing
- Delivery
- Technical Support
- After-Sales Service

YOU RECEIVE A MUTUALLY AGREED REFERRAL PERCENTAGE ON EVERY SUCCESSFUL ORDER.
